Introduction

About this book

This book contains an alphabet and number matching activity intended for use with children aged 3-5. Included are 3 matching activities: one for upper case letters, another for lower case letters and the last for numbers 1-10.

Directions for preparation

This resource has been created for use in a binder or folder, but can be used however you see fit.

To prepare the activities for use, simply print and laminate all the pages. Cut out the coloured alphabet and number blocks. Leave the black and white block pages intact as they will form the base for each activity. Attach transparent velcro dots to the black and white blocks and to the back of each coloured block.

Ideas for use

1. Matching
2. Teach letter sounds by pointing to each letter and saying the sound it makes. Have your child repeat.
3. Teach your child to associate each number with counting by saying the number, then counting on fingers.
4. Teach alphabet and number order: place the coloured blocks down one by one and sing an alphabet/counting song.

Happy Teaching :)
