# Introduction

## **About this book:**

This book contains 40 pre-primer Build-a-Sight-Word cut and paste booklets intended for use with children in Preschool, Kindergarten (Prep) and Grade 1.

## **Directions for use:**

The pages in this unit can be printed to match your weekly spelling words. For each week, print the cover of your choice and the pages that contain the sight words you will be working on. Cut the pages in half, making sure to leave the letter tiles on the right hand side intact, and then staple them together to make a booklet. Alternatively, you can hand out the loose pages and ask children to put them in alphabetical order and then staple together.

The aim of this activity is for children to write the sight word in focus on the line provided, then to build it using the letter tiles on the right hand side. I have also included a writing page (the page with only handwriting lines) which can be printed on to the back so that children can copy the sentence on the page, or make their own.

Happy Teaching :)
