PRINTING TIP This resource has been designed for printing on A4-sized paper. If you are printing on a different size, select "shrink to printable area" or "print to fit page" (or a similar option) in order for the contents of this unit to print correctly.

Introduction

About this book

This book contains an activity to help teach children their names. This activity can be used for names between 2 and 8 letters in length. This activity can be used as a matching activity where children copy the model of their name or a scrambled name activity where they unscramble the letters in their name and rearrange them correctly.

Directions for preparation

This resource has been created for use in a binder or folder, but can be used however you see fit.

To prepare the activity for use, simply print and laminate all the pages. Cut out the boxes that contain the letters in your child's name. Leave the page where your child will build his name intact as it will form the base for the activity. Attach transparent velcro dots to the back of the letters tiles and blank squares on the base page.

Directions for editing

1. Please make sure you have the latest version of Adobe Reader installed on your computer. You can get it here: https://get.adobe.com/reader/

2. Simply type your child's name in the editable fields on page 7.

3. For this activity, I used the font KG Blank Space Solid. If it isn't displaying correctly, please download it from here: https://bit.ly/2FXT2sz. It is free for personal use.

Happy Teaching :)
