# Introduction

## **About this book**

This book contains a collection of Christmas themed worksheets, suitable for use with children in Preschool, Pre-Kindergarten, Transitional Kindergarten and Kindergarten (Prep).

## **Directions for use**

Following is an outline of the worksheets included in this unit and suggestions for use.

### **1. Christmas pre-writing practice (1 page)**

Children trace between the lines of each path.

### **2. Christmas ornaments letters in my name (1 page)**

Children color each ornament that contains a letter included in their name.

### **3. Christmas lights cutting practice (2 pages)**

Children color and cut out the differently shaped lights. They make holes using a hole punch at the top of each light and thread them onto a piece of string or ribbon.

### **4. Christmas tree and present maze (2 pages)**

Children trace their way through each maze.

### **5. Christmas tree tracing practice (1 pages)**

Children trace around the shape of the tree, color it and then add decorations. This can also be done as a “pokey pin” activity with a big push pin: children place a rubber mat on their table, a coloured piece of paper on top of the mat and then the leaf page on top of the colored paper. They use the push pin to make holes on the dashed line. Once completed, the colored paper with the leaf shape is displayed in the classroom.

### **6. Christmas ornaments tracing: upper and lower case letters (14 pages)**

Children trace the letters on the ornaments. Next, they cut them out, make holes using a hole punch at the top of each ornament and then thread them onto a piece of string or ribbon. This can be done as a name activity for each child, for spelling or sight words, Christmas words, etc.

### **7. Christmas syllables (1 page)**

Children read the word for each picture and color the corresponding number to show how many syllables.

### **8. Christmas beginning sounds (13 pages)**

Children cut out the pictures from the bottom of the page and paste them next to the sack that displays the correct beginning sound.

### **9. Christmas tree pre-primer sight words practice (40 words)**

Children read the sight word at the top of each tree and trace or color the bubble writing on the lower section. Next, children cut out the middle section of the tree and paste it on the matching sight word tree.

### **10. Christmas How many Words? one-to-one correspondence (1 page)**

Children count how many words in each sentence and color a number to show their answer.

### **11. Christmas emergent reader "Christmas" (color and B&W) & comprehension sheet**

Assembly is required by cutting each page in half, then stapling together on the left side where indicated. I have also included a coloured version that teachers can use and keep in the classroom library. There are 2 comprehension sheets: one with pictures to indicate which page children can find the answer, and another without pictures.

### **12. Christmas prepositions: in, on, under, in front (1 page)**

Children color the object that shows the position identified.

### **13. Christmas differences (1 page)**

Children look at each row of pictures and circle the one that is different.

### **14. Christmas what doesn't belong (1 page)**

Children look at each row of pictures and circle the one that doesn't belong.

### **15. Christmas tree decorating and winter sledding sequencing cut and paste (2 pages)**

Children cut out the pictures and paste them in correct order.

### **16. Christmas tree order by size, cut and paste (1 page)**

Children cut and paste the Christmas trees in correct size order, from shortest to tallest.

### **17. 2D Christmas shapes matching (2 page2)**

Children cut and paste the candy shapes next to the matching shape gift.

### **18. Christmas ornament number practice (3 pages)**

Children trace the numbers on the ornaments. Next, they cut them out, make holes using a hole punch at the top of each ornament and then thread them onto a piece of string or ribbon.

### **19. 0-20 Christmas tree lights and number match cut and paste (4 pages)**

Children cut out the numbers and paste them under the matching Christmas tree to show how many lights on each one.

### **20. Christmas count and graph to 5 (1 page)**

Children count and graph the pictures.

### **21. Christmas patterns cut and paste (AB) (1 page)**

Children determine the type of pattern, then cut the pictures from the bottom of the page and paste them in the correct box to finish each pattern.

### **22. Christmas scavenger hunt (1 page)**

Children go on a scavenger hunt and color a smiley face when they see an object on their list.

### **23. My senses at Christmas (1 page)**

Children draw a picture for each of the 5 senses during Christmas.

Happy Teaching :)
