# Introduction

## **About this book**

The Number Rhymes printable resource is an interactive activity designed for preschool and kindergarten students. Children will have the opportunity to work on number recognition (1-10) and phonological awareness through engaging rhymes.

## **Directions for use**

To prep the activity, simply print and laminate all the cards and then cut them apart.

Two versions of the same activity are included.

- In the first version, children match the number to the corresponding rhyme using magnetic numbers or the included number squares.
- The second version features two separate cards - one with the picture and one with the number - that children have to match together.

Answer cards are provided for both versions, making it easy for parents and teachers to check for understanding.

Happy Teaching :)

Use these number tiles or magnetic numbers.
