Introduction

About this book

This book contains aprox. 700 vocabulary cards with the focus letter displayed in the initial, medial and final positions of words.

Directions for use

The vocabulary cards in this packet were created for a “Write the Room” activity, where the teacher displays the cards from a letter (or the cards from various letters) around the room. Each child is given a clip board with a recording page and they walk around the room, writing down the words that they have found and underlining the focus letter in each word.

These cards can also be hidden in a large sensory bin filled with beans, pom poms, colored rice, etc. Children search through the sensory bin with their hand and pull out a card. They then write down the word on the writing page.

To prepare the cards for use, print and laminate them, then cut them apart.
