Introduction

Boost your students' number sense with this engaging Apple Number Sense Sorting activity! Perfect for classroom centers or at-home learning, this activity helps children understand numbers in a fun and interactive way.

What's Included:

- *Apple crates:* Featuring numerals for sorting.
- *Apple Cards:* Showcasing different representations of numbers using ten frames, base ten blocks, and tally marks.
- *Recording page:* Allows students to show their answers for each number by drawing dots on the ten frame, squares for base ten blocks, and tally marks.

How to Prepare:

- *Print and laminate:* Print all the apple crates and apple cards, then laminate them for durability.
- *Cut out the cards:* Carefully cut out each apple card and crate.

Directions for Use:

- *Sorting activity:* Children will sort the apple cards, which display various representations of numbers using ten frames, base ten blocks, and tally marks, into the apple crates labeled with the corresponding numerals.
- *Recording page:* After sorting, students use the recording page to show their answers by drawing dots on the ten frame, squares for base ten blocks, and tally marks. This step further reinforces their understanding of different number representations.

This activity reinforces number sense and helps children recognize different ways to represent numbers. It's a wonderful way to make learning numbers fun and interactive!

Happy Teaching :)

NUMBER SENSE SORT

I can

- 1 Place the apple crates in front of me.
- 2 Pick up an apple and identify the number it shows.
- 3 Sort it to the crate with the matching number.
- 4 Record my work.
