Introduction

This engaging *Back to School Syllables Clip It!* activity is perfect for helping children develop phonemic awareness by identifying the number of syllables in each word. Designed with a fun school theme, this resource provides an interactive and tactile learning experience that will keep students interested and eager to learn.

To Prepare the Activity:

- **Print and laminate:** Begin by printing the 20 included cards on sturdy paper and laminating them to ensure they can withstand repeated use.
- **Cut apart:** Carefully cut apart the laminated cards.
- **Gather clipping items:** Collect household pegs or small items such as unused hair clips or paper clips to use for this activity.

How to Use:

- **Say and clap:** Children will say the name of the word on the card out loud. They will clap and count the syllables.
- **Identify syllables:** They will determine the number of syllables in the school-themed word.
- **Clip It!** Using the clipping items, they will clip the circle that shows the correct number of syllables for each word.
- **Recording page:** The activity includes a recording page where children can color the number of syllables for each card, reinforcing their learning and providing a visual representation of their understanding.
