Introduction

Introduce your students to a fun and interactive way to practice letter recognition with the Alphabet Spin It! Upper and Lower Case Letter Write activity. This 13-page resource is designed to engage children in tracing both upper and lower case letters through a hands-on "Spin It!" game.

Product Features:

- **Interactive learning:** Children use a paper clip and pencil to create a spinner, adding an exciting element to letter practice.
- **Upper and lower case focus:** Each page features both upper and lower case letters, helping students reinforce their recognition and writing skills.
- **Beginning sound focus:** Each spinner features a cute animal that represents the focus letter sound, adding a playful visual element.
- **Simple setup:** Cut the page in half along the dashed line to separate the different letters. Provide each child with their own copy, ready for the activity.
- **Trace and record:** As the spinner stops, children trace the corresponding letter, starting from the bottom of the page.
- **Engaging challenge:** The goal is to see which letter case reaches the top first, making learning a fun and competitive experience.

Perfect for preschool and kindergarten classrooms, the Alphabet Spin It! activity offers a creative way to enhance letter recognition while making learning exciting.

Happy Teaching! :)
