Introduction

Enhance your students' word-building skills with our *School Build-A-Word Booklet*. This 8-page vocabulary booklet provides a hands-on approach to learning decodable words through tracing, building, and coloring activities.

Assembly Instructions:

Start by cutting each page in half and stapling them together on the left side where indicated. Be careful not to cut off the section with the letter tiles, as children will need these to build words.

Activities Include:

- **Word Tracing:** Children trace the word on the page to practice letter formation and word recognition.
- **Word Building:** Using the letter tiles provided, kids build the word and reinforce their phonics skills.
- **Coloring:** After building the word, children color the picture related to the word, integrating visual learning with word practice.

The booklet features 11 decodable words, including 7 CVC words, 3 CVCC words, and 1 CCVC word, providing a range of phonics practice. The cover page adds a finishing touch to this engaging and educational resource. Perfect for early readers, this booklet supports word recognition and fine motor skills in a fun and interactive way.

Happy Teaching :)
