Introduction

Introduce your students to a set of 11 worksheets designed to enhance their number recognition and counting skills with the Numbers and Counting Worksheets for Kindergarten. This collection offers a variety of engaging activities that cater to different learning styles, making math fun and interactive for young learners.

Worksheets included:

- **Number Match (2 pages):** Children cut the dot-tiles and paste them next to their corresponding number, helping them to visually connect quantities with numerical symbols.
- **Cut and Paste Numbers (2 pages):** Children cut the numbers from the bottom of the page and paste them in the correct spot to complete the number order, reinforcing their understanding of numerical sequences.
- **How Many Are There? (2 pages):** Children count the number of objects in each box and show how many were counted by coloring the correct circle. Dot markers can be used for this worksheet, adding a tactile element to their learning.
- **Cut and Paste Missing Numbers:** Children cut the numbers from the bottom of the page and paste them in the correct spot to complete the number order, providing practice in identifying and sequencing numbers.
- **Ten Frame Number Match:** Children cut out the numbers from the bottom of the page and glue them next to the ten frame with the matching quantity of apples, reinforcing their counting skills and understanding of ten frames.
- **Count and Graph (2 pages):** Children count each of the objects that are the same and complete the graph to show their findings, introducing them to basic data collection and interpretation.
- **Which Has More?:** Children determine which group of objects has more, helping them to develop comparative skills and a better understanding of quantity.

These worksheets are perfect for kindergarten classrooms, offering a versatile and engaging way to develop essential math skills. From cutting and pasting activities to counting and graphing exercises, this set provides a comprehensive approach to early math education.

Happy Teaching :)

Name: _____

Number Match 1

Cut and paste the dots next to the correct number.
