# Introduction

## **About this book**

This book contains a shopping activity according to items on a shopping list. Children will read the items on a shopping list, find them on the shelves and place them into their shopping carts or baskets. Included are 24 shopping lists and 105 supermarket items. Blank shopping lists are also included for you to add your own items.

## **Directions for preparation**

This resource has been created for use in a binder or folder, but can be used however you see fit.

To prepare the activity for use, simply print and laminate all the pages. Cut out the shopping lists, supermarket items and shopping carts and basket. Select which shelving pages you would like to use (with labels or without) and, once laminated, leave those pages intact as they will form the base for the activity. Attach transparent velcro dots to the back of each item and empty square on the shelf as well as on the squares in the cart and basket.

Happy Teaching :)
