INTRODUCTION

Spark excitement in math learning with the **Fire Department Addition activity!** Children will solve addition equations and match the correct fire truck to its garage in this engaging, firefighter themed resource.

What's Included:

- **16 cards for addition within 5:** Each card features addition equations with sums up to 5.
- **26 cards for addition within 10 (marked with an asterisk):** These cards focus on addition facts with sums up to 10.
- **3 recording pages:** Children write the addition sentence for each card.

How to Use:

- **Materials needed:** Counters to visually represent the equations (optional)
- **Setup:** Print, laminate, and cut out the cards for durability.
- **Activity:** Children will read the addition equation on each card, use counters to represent the numbers and help solve the problem, and place the fire truck with the correct answer in the corresponding garage. They can then record the addition sentence on the provided recording page.

Educational Benefits:

- **Addition fluency:** Strengthens understanding of addition facts to 5 and 10, building a strong foundation in early math skills.
- **Problem-solving:** Encourages critical thinking as children work out the correct answers.
- **Math confidence:** Fun and engaging visuals help children gain confidence in solving math equations.

Ideal for math centers, small group work, or independent practice, this firefighting-themed activity adds excitement to basic addition practice.

Happy Teaching! :)

ADDITION

I can

- 1 Read the equation on my card.
- 2 Work out the answer and place the fire truck with the correct number in the empty space.
- 3 Record my work.
