# INTRODUCTION

Engage your students in fun and interactive learning with this Autumn-Themed Pattern and Sequence pack! With a variety of hands-on activities, children will practice important skills like visual discrimination, pattern recognition, and sequencing, all with an autumn twist.

## What's Included:

- **What is Different? autumn cards (4 Cards):** Children will examine the pictures on each card and clip a peg on the one that is different from the rest.
- **What Doesn't Belong? autumn cards (4 Cards):** Students will analyze the pictures on each card and clip a peg on the image that doesn't fit with the others.
- **Autumn sequencing cards: Life Cycle of an Apple and Pumpkin (4 cards for each set):** Students will arrange cards to show the correct life cycle of an apple and pumpkin.
- **Autumn leaves AB pattern cards (5 cards):** Children identify and continue AB patterns using autumn leaf pictures. They'll use pegs to attach the correct image to complete the pattern, reinforcing early math skills.

## How to Use:

- **Setup:** Print, laminate, and cut apart all the cards for durability. Use pegs or clothespins to clip the answers for "What is Different?", "What Doesn't Belong?", and the pattern cards. For the sequencing activity, simply have students order the cards.
- **Activity:** For "What is Different?" and "What Doesn't Belong?", children will analyze the pictures and clip a peg onto the correct answer. For the life cycle sequencing activity, children will put the apple and pumpkin cards in the correct order. For the leaf pattern cards, children will identify the AB pattern and clip the matching picture to complete it. Using physical objects like pegs provides a tactile and engaging experience.

## Educational Benefits:

- **Visual discrimination:** Strengthens the ability to observe differences and similarities in images.
- **Critical thinking:** Encourages logical thinking and problem-solving as children determine which picture doesn't fit.
- **Sequencing skills:** Builds understanding of chronological order and life cycles with apple and pumpkin life cycle activities.
- **Pattern recognition:** Reinforces early math skills through identifying and completing simple AB patterns.

Ideal for fall learning centers, small group activities, or individual practice, this bundle is a fantastic addition to your autumn-themed lesson plans!

Happy Teaching :)
