INTRODUCTION

Make syllable practice fun with the **Firefighter Clip the Syllables Activity!** This interactive, firefighter themed resource helps children identify and count syllables in words while developing their phonological awareness.

What's Included:

- **20 syllable cards:** Each card features a firefighter related word accompanied by a picture.
- **Recording page:** Children can record their answers by selecting the number of syllables for each word.

How to Use:

- **Materials needed:** Clothes pins, pegs or clips.
- **Setup:** Print, laminate, and cut out the syllable cards for durability. Print the recording pages for each student.
- **Activity:** Children read the word on each card, identify how many syllables it has, and clip a peg on the correct number. They can then record their answers on the recording page.

Educational Benefits:

- **Phonological awareness:** Strengthens the ability to break words into syllables, a foundational literacy skill.
- **Syllable recognition:** Helps children count and recognize syllables in words, aiding early reading development.
- **Firefighter vocabulary:** Introduces and reinforces firefighter related vocabulary in a hands-on, interactive way.

Perfect for literacy centers, small group activities, or independent practice, this activity brings excitement to syllable counting with a fire safety theme.

Happy Teaching! :)
