Introduction

This book contains 10 Pre-Primer Sight Word Spin and Trace activity pages designed for children in Preschool, Kindergarten, and Grade 1. Each page provides multiple ways to practice four sight words at a time through spinning, tracing, and word-building tasks.

Directions for preparation

- Print the pages you wish to use.
- For repeated use, laminate the pages or slip them into plastic sleeves and store in a binder.
- Children will need a pencil and paper clip spinner to play. Place the pencil in the center of the paper clip on the cupcake spinner, flick the paper clip, and record the result.

How to play

1. Write the missing letters: Students complete the partial sight words at the top of the page.
2. Spin and trace: Children spin the cupcake spinner, then trace the matching sight word in the grid below.
3. Continue spinning and tracing until the page is filled.

Teaching tips & variations

- Use during literacy centers, morning tubs, or small group instruction.
- Laminate for reuse with dry-erase markers.
- Encourage children to read each word aloud as they trace to build fluency.
- Send home a few pages for families to practice sight words together.

Educational benefits

- Builds automatic recognition of 40 pre-primer sight words (across the 10 pages).
- Provides fine motor practice through tracing and writing.
- Makes sight word practice active, interactive, and fun.

Happy Teaching :)
