Introduction

Introduce beginning sounds in a fun, hands-on way with these Beginning Sounds Scene worksheets. Each page combines phonics practice with coloring, cutting, and gluing so children can actively engage with letters and sounds. Students color a simple scene, then cut and paste picture cues that begin with the focus letter to complete the activity.

What's Included

- A–Z worksheets, one for each letter of the alphabet
- A large blackline background scene on each page (tree, barn, house, etc.)
- Three cut-and-paste picture cues per page, each beginning with the focus sound

How to Use

1. Teach & model the letter name and sound. Stretch the beginning sound as you name each picture.
2. Students color the background scene to personalize it.
3. Cut out the three pictures at the bottom of the page.
4. Glue the pictures into the scene, reinforcing the beginning sound.
5. Extend the activity by labeling the pictures, brainstorming other words that start with the same sound, or retelling the scene aloud.

Educational Benefits

- Builds phonemic awareness (isolating and identifying initial sounds)
- Strengthens letter–sound correspondence and alphabet knowledge
- Develops fine-motor skills through coloring, cutting, and gluing
- Supports oral language and vocabulary as children name and discuss the pictures

Perfect For

- Literacy centers and morning tubs
- Small-group phonics lessons and intervention
- Take-home practice and homework packs
- Sub plans and quick-prep activities

Teacher Notes

- Model how to say each picture slowly and emphasize the beginning sound before cutting and gluing.
- Encourage children to “read the scene” aloud after completing it by naming the glued-on pictures and repeating the focus sound.
- Extend learning by having students label the pictures or draw additional objects that begin with the same sound.
- Use for quick assessments in small groups by asking students to identify or name their glued pictures.

Happy Teaching :)
