Introduction

The Word Family House Sorting Center is a hands-on way to build early phonics and reading skills. Students read, sort, and spell simple CVC words as they match pictures to their correct word family houses. Each activity strengthens blending, sound-pattern recognition, and independent work skills. The cut and paste worksheets extend learning by giving children a chance to review and record the words they've practiced in the sorting center.

What's Included

- 31 Word Family Houses for hands on sorting practice
 - Each house includes
 - 3 matching picture cards
 - 1 answer card for self-checking
- 9 cut and paste worksheets featuring three word families each

How to Use

1. Print the word family houses and picture cards on cardstock, laminate, and cut apart.
2. Select a few word families to focus on at a time and place them in a small basket or tray.
3. Students read each picture word and match it to the correct house.
4. Provide answer cards so learners can check their work independently.
5. Use the corresponding worksheet for additional practice. Students cut, glue, and write each word.
6. Store each vowel set in a labeled bag or envelope for easy organization and reuse.

Educational Benefits

- Strengthens phonemic awareness and sound-symbol relationships
- Builds automaticity with word family patterns
- Supports spelling, handwriting, and vocabulary development
- Encourages independent learning and self-correction

Teacher Tips

- Introduce only a few word families at a time to build confidence and mastery.
- Model how to blend and decode each word before students begin.
- Use the answer cards for quick checks during small-group lessons or literacy centers.
- Have students read their completed words aloud to increase fluency.
- Challenge confident readers to write sentences using the sorted words.

Happy Teaching :)

Word Families Included

Short a

- -ab: cab, lab, dab
- -ad: sad, dad, pad
