# Introduction

This book contains 9 Valentine's Day sight word flip books in black and white and color. Each flip book includes simple Valentine themed sentences that support repeated reading and sight word recognition. A matching worksheet is included for each book, allowing children to trace the focus sight word and write their favorite sentences from the flip book.

## Directions for Use

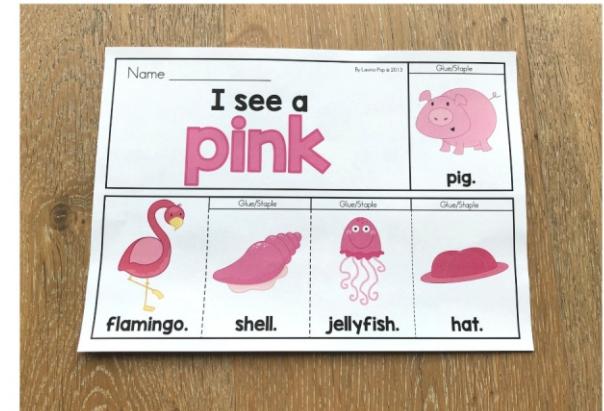

1. Cut out each rectangle on the page.
2. Cut along the lines of the bottom rectangle only.
3. Leave the top rectangle intact. This will become the base of the flip book.
4. Stack the flip pages one on top of the other, keeping the top rectangle at the bottom.
5. Staple or glue the pages to the base to create the flip book.
6. Once assembled, students can read their flip books multiple times for fluency practice, then complete the worksheet by tracing the sight word and writing sentences from the book.

## Educational Benefits

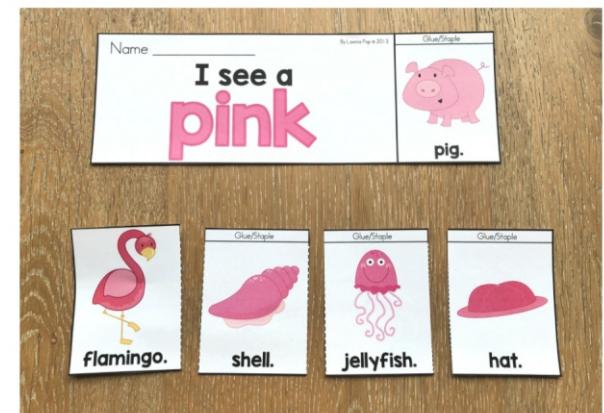

- Builds sight word recognition through repeated exposure
- Strengthens early reading fluency and confidence
- Supports print tracking and left-to-right reading habits
- Encourages sentence reading in a simple, predictable format
- Develops handwriting and fine motor skills with tracing
- Reinforces writing skills by copying and writing sentences

Happy Teaching :)

**This is the page before cutting. The top sentence strip will be the base of the flip book, and the pictures below will become the flip pages.**

**After cutting, the top strip stays in one piece, and the picture cards are cut apart and stacked in order.**

**The picture cards are placed under the sentence strip and stapled or glued on one side to create a flip book students can easily read and flip.**
