# Introduction

All About Numbers is designed to help children build strong number sense from 0–20 through consistent, structured practice. Each number includes a variety of activities so students see, read, write, and represent the number in multiple ways.

You may use these pages individually, or assemble them into a complete number book for each student.

## What's Included

- Cover page
- Two structured worksheets for each number from 0–20

Repeated practice activities for every number:

- Trace and write the number
- Trace and write the number word
- Find and circle the number
- Count and write (forward and backward)
- Count and color
- Odd or even
- Tally marks
- Ten frame practice
- Circle the set with more
- Circle the set with less
- Write the missing numbers
- Tens and ones
- Before and after

Each number follows the same layout to build routine and independence.

## How to Use

- Teach one number at a time during whole group instruction
- Use pages for morning work or independent practice
- Add pages to math centers
- Use selected sections for small group intervention
- Send pages home for additional practice

To create a number book:

1. Print all number pages in order (0–20).
2. Add the cover page to the front.
3. Staple or bind along the left side.
4. Allow students to complete one number at a time.

Students will enjoy watching their number book grow as they learn.

With consistent structure and varied practice, this resource helps kindergarten and first grade students develop confidence and a deeper understanding of numbers 0–20.

Happy Teaching :)
