Introduction

This Ending Sounds Match activity is a fun and engaging way for children to practice identifying final sounds in words. Designed for preschool and kindergarten students, this hands on phonics resource helps build phonemic awareness and early literacy skills through interactive picture matching activities.

Children will look at each picture, say the word aloud, listen for the ending sound, and match or write the correct letter. With a variety of familiar picture words and multiple ways to use the activity, this resource is perfect for literacy centers, small groups, independent practice, and homeschool learning.

What's Included

- 10 ending sounds center cards
 - 6 picture words on each card
- Uppercase letter tiles
- Lowercase letter tiles
- Black and white recording pages for student use

How to Use

Print the picture cards, recording pages, and letter tiles. Laminate the cards and tiles for durability, then cut the tiles apart for repeated use.

Children choose a card and identify each picture. They say the word aloud, listen carefully for the final sound, and place the matching ending sound letter tile beside the picture. Students can use either the uppercase or lowercase tiles depending on their learning level.

For additional practice, children can complete the recording pages by writing the ending sound beside each picture. Laminated recording pages may also be used with dry erase markers for reusable practice.

This activity can be used:

- In literacy centers
- During small group instruction
- For independent phonics practice
- As an early finisher activity
- For homeschool learning
- For intervention and review

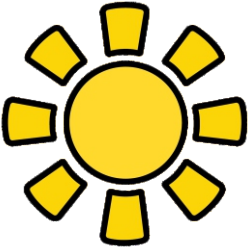

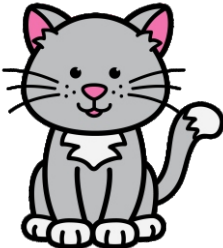

Educational Benefits

This activity helps children:

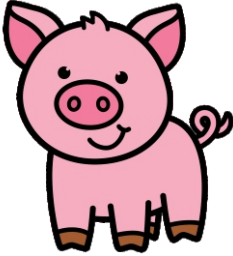

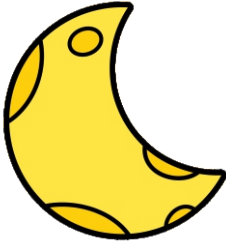

- Identify ending sounds in words
- Develop phonemic awareness
- Connect sounds to letters
- Strengthen listening skills
- Practice early spelling skills
- Build confidence with beginning reading skills

The simple picture format and hands on approach make phonics practice engaging and accessible for young learners. Happy Teaching! :)
