Introduction

About this book

This resource includes 40 Grade s sight word flip books in both black & white and color. Each flip book is paired with a writing worksheet where children trace the focus sight word and then write four sentences from the flip book they read.

Directions for use

To assemble a flip book:

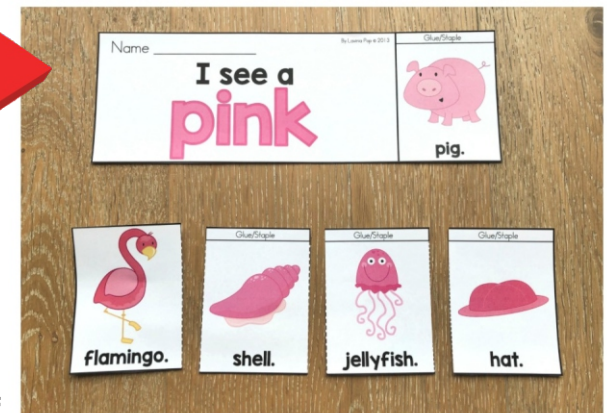

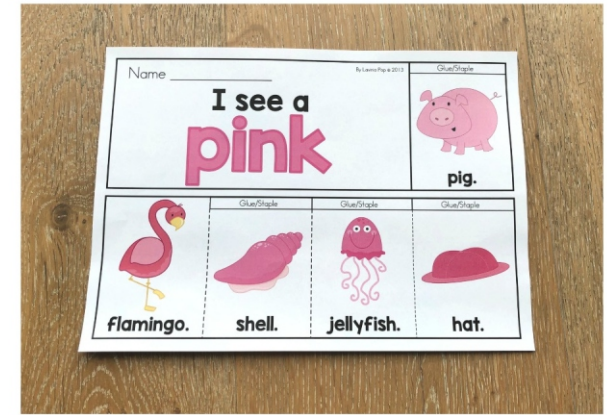

1. Cut out the top and bottom rectangle.
2. Cut along the dotted lines of the bottom rectangle only to create the "flips."
3. Leave the top rectangle intact; this will form the base of the book.
4. Stack the flips on top of the base and staple or glue them in place.

Students will enjoy reading their flip books again and again.

Once they finish, they complete the matching writing sheet to reinforce the sight word and practice sentence fluency.

The flip books are sequenced so that each new booklet builds on sight words introduced in earlier ones. For best results, introduce the sight words in the order they are presented in this resource.

Happy Teaching :)

1. Cut out the top and bottom rectangles. Keep the top rectangle intact; this will form the base of the flip book.
2. Cut along the dotted lines of the bottom rectangle to create the flips.
3. Stack the flips on top of the base and staple or glue them in place.
