Introduction

About this book

This book contains editable sight word cards for use with playdough. Children roll pieces of playdough to form each letter in the focus word, they then trace the word using their finger or maker and then write the word on the writing line. Alternatively, children can write a sentence using the focus word. This activity is best suited for use in centers and small groups with children in Preschool, Kindergarten (Prep/Foundation) and First Grade.

Directions for editing

1. Please make sure you have the latest version of Adobe Reader installed on your computer. You can get it here:

<https://get.adobe.com/reader/>

2. Simply type one word in the center field on each page. The text at the bottom of the page will automatically populate. For this activity, I used the font KG Red Hands Outline (<https://bit.ly/3gdI80i>) and RM Correct Formation (<https://bit.ly/2HeHDHb>). (Please note, purchase of these fonts is not necessary in order to use this resource.)

RICH TEXT DOCUMENT: This file will enable you to edit the font type and size. Enter the field you wish to edit and press CTRL + E. This will open an editing toolbox.

Happy Teaching :)
