About This Resource

This resource includes 21 hands-on activities for kindergarten morning tubs, literacy and math centers, early finishers, small groups, and independent practice.

The activities provide engaging practice with early literacy, number sense, fine motor coordination, visual discrimination, patterning, and social-emotional skills.

Prepare the Activities

1. Print the activity pages you would like to use.
2. For self-checking clip cards, place a small sticker on the back of each card behind the correct response.
3. Laminate the pages for durability and repeated use.
4. Cut the cards along the dotted lines.
5. Punch the marked holes and store matching card sets on key rings.

Using the Activities

Place each activity in a morning tub with the required materials.

Model the activity before children complete it independently. Print and laminate the corresponding photo instruction card, then store it with the activity as a visual reminder.
