Introduction

About this book

This resource includes 9 Fall sight word flip books in both black & white and color. Each booklet comes with a companion worksheet where children trace the focus sight word and then use it to write their own fall-themed sentences from the flip book.

Directions for use

To make the flip books, cut out the bottom rectangle along the dotted lines. Leave the top rectangle intact, as this will form the base of the book. Stack the “flip” pages on top of the base in order and staple them together. Children will love reading their Fall flip books again and again, whether to themselves, to friends, or to family! After reading, they can complete the recording sheet that is included for each booklet.

Happy Teaching :)

The top rectangle should remain intact, as it forms the base of the flip book. Cut out the smaller rectangles from the **BOTTOM** rectangle along the dotted lines.

Stack the “flip” pages neatly on top of one another, then staple or glue them to the base to create the finished flip book.
