Word Family Picture Puzzles

This resource includes 24 short vowel word family picture puzzle sets for Kindergarten and Grade 1. Each set contains six words, giving children 144 puzzles to build, read, and write. Most words follow a CVC pattern. The -um family also includes drum and plum, two words with beginning consonant blends.

Children cut apart the scrambled puzzle strips and arrange them to complete each picture and spell its matching word. They glue the strips into the frame, read the completed word, and write it on the lines beside the picture.

Choose Your Format

- **Worksheet format:** Print page 5 on both sides of a sheet. Children complete three puzzles on each side and write each word on the lines beside its picture.
- **Booklet format:** Print the chosen word family's cover and six word pages. Cut the pages in half and staple a cover and six different word pages together for each child. Children complete each puzzle, read and trace the word, then write it independently.

For either format, provide one matching puzzle-piece sheet per child. The booklet covers and word pages include two copies per sheet.

Skills Practiced

- Decoding and blending short vowel words
- Word family recognition
- Connecting letters and sounds
- Vocabulary development
- Handwriting practice
- Cutting, gluing, and fine motor skills

Teacher Tips

Introduce unfamiliar vocabulary before children begin. Encourage them to say the sounds and blend the letters to read each completed word.

Children can color the pictures before cutting and gluing. Crayons also work well for coloring over glued pieces. Completed booklets can be taken home for extra reading practice.

Use these activities in literacy centers, small groups, independent practice, or phonics intervention.

Happy Teaching! :)
